It invited Parties to submit their views on this issue via the submission portal[86] by 15 March 2019 for consideration at SBI 50. Without prejudice to any outcome, the SBI requested the secretariat to prepare a synthesis report on the submissions and an information paper, including on the budgetary and other implications of different proposals contained in the submissions mentioned above, and to make them available before the discussion at SBI 50.

141. The SBI recalled its conclusions at SBI 34 and SBI 46[87] on the effective engagement of non-Party stakeholders and requested the secretariat to continue reporting biennially on this subject, taking into account all relevant SBI conclusions. The SBI took note of the update provided by the secretariat for 2016–2017 based on SBI conclusions and the views of Parties and non-Party stakeholders on this subject.[88]

In this regard, the SBI invited Parties and non-Party stakeholders to continue to identify at SBI 50 opportunities and improved practices to further enhance the openness, transparency, inclusiveness and balance of the effective engagement of non-Party stakeholders in a manner that enhances the implementation of the Convention.

143. In this regard, the SBI acknowledged the new submission portal developed by the secretariat, which enables observer organizations to submit their views online, and also acknowledged the success of the first open dialogue held under the Presidency of COP 23. The SBI encouraged future Presidencies, supported by the secretariat as appropriate, to continue organizing and facilitating an open dialogue among Parties and observer organizations, while implementing its conclusions from SBI 46.

159. He informed Parties that the SBI had not made a request at this session with budgetary implications over and above the core budget for the biennium 2018–2019. The estimated cost of activities requested by the SBI under two agenda items will be covered by existing core budget resources, including EUR 30,000 under agenda item 10, "Koronivia joint work on agriculture", for six workshop reports, and EUR 20,000 under agenda item 20, "Arrangements for intergovernmental meetings", to prepare a synthesis report and an information paper.

160. He also informed the SBI that, pursuant to paragraphs 5–9 of decision 1/CP.23, the COP 23 President, in consultation with the COP Bureau and the Co-Chairs of the APA, had assessed the need for an additional negotiating session to facilitate the timely completion of the work under the PAWP and that it had been decided that the session will be held in Bangkok in September 2018. The total estimated cost of the additional session amounts to EUR 2.6 million. While most of the participation cost for the session is covered, a total of EUR 1.5 million is still required under the Trust Fund for Supplementary Activities to cover the logistical arrangements for the session.

162. He noted that these amounts were preliminary and based on the information available at that time. He expressed the hope that the secretariat can count on the continued generosity of Parties to provide additional funding in a timely and predictable manner. He also noted that without supplementary contributions the secretariat will not be in a position to make the required arrangements.

21. Closure of and report on the session

163. At its 3rd meeting, the SBI considered and adopted the draft report on the first part of the session and authorized the Rapporteur, with the assistance of the secretariat and under the guidance of the Chair, to complete the report on the session and to make it available to all Parties.
